shrikar@localhost:~/Desktop/iNeuron

File   Edit   View   Search   Terminal   Help

```
[shrikar@localhost iNeuron]$ cat file1.txt
Hi I am Shrikar.
And this is centos7.

[shrikar@localhost iNeuron]$ cp file1.txt file2.txt
[shrikar@localhost iNeuron]$ cat file2.txt
Hi I am Shrikar.
And this is centos7.

[shrikar@localhost iNeuron]$ S
```
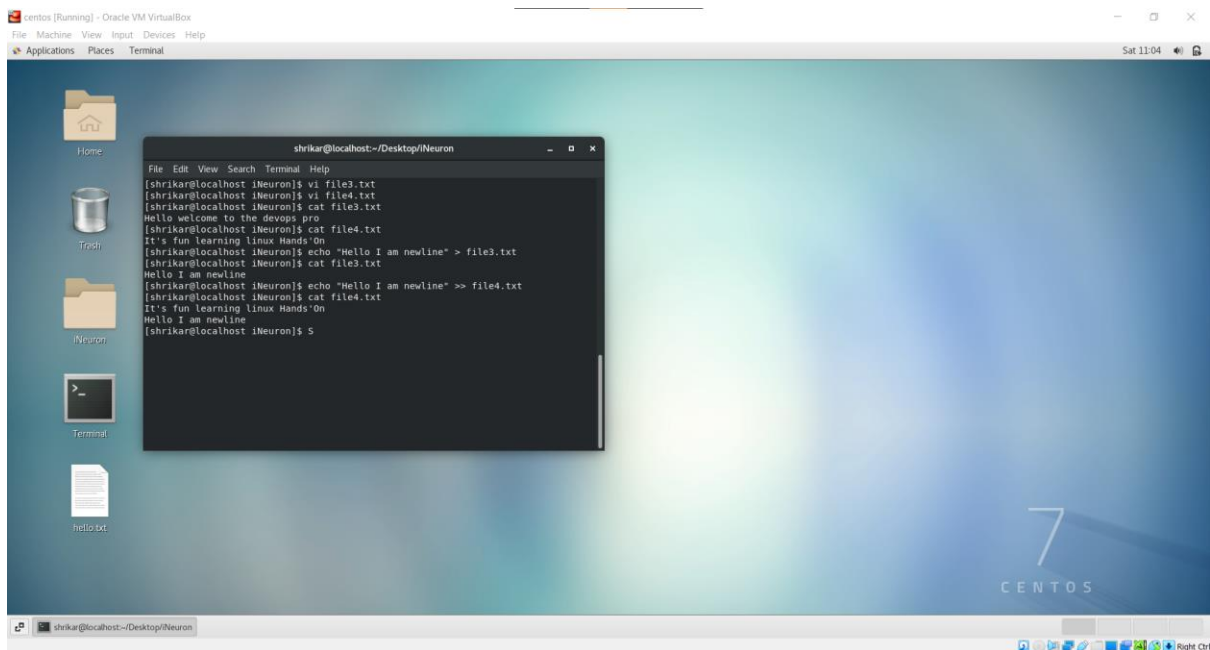

hello.txt

We don't have permission for moving the file to the home directory

">" : replaces the already present text with what it is passed with.

">>" : Here it appends to the text from the new line.
